

## Refurbishment

# Waterstones

## Bridport

### About:

Waterstones aims to be the leading bookseller both on the high street and internet. Trading from nearly 300 shops, they strive to create customer-friendly environments where people can go to browse the best titles.

### Needs:

Within their re-branding programme, Waterstones took the opportunity to undertake some required remedial works. A flexible approach was required to ensure the shop-floor remained operational at all times.

### The TRS Service:

TRS carried out repairs to the store in Bridport. Whilst on site the opportunity was taken to make alterations to the shop-floor and staff areas. TRS worked closely with other Waterstones suppliers to complete works including:

- External redecoration and repairs to woodwork and stonework,
- Replacement of sash windows,
- Installation of roof barrier,
- Electrical works,
- Removal of air conditioning units,
- Renewal of ceiling tiles and lighting,
- Redecoration of toilets and kitchens.

### Why TRS?

TRS worked closely with other suppliers and with a **flexible approach**, to ensure that the **shop remained open** at all times during the work.

- The **experienced** workforce also identified much needed additional repairs.
- We worked closely with other suppliers and ensured works were completed **on time** and **to budget**.
