About the client	JLL are in business to create and deliver real value for clients, shareholders and our own people. It is a financial and professional services firm specialising in real estate services and investment management with more than 58,000 people in more than 1,000 locations in 80 countries serving the local, regional and global real estate needs of those clients, growing their company in the process.
Needs of the client	Following the departure of the existing tenant completion was required urgently. The unit was required by one of the tenants already on site.
The TRS Service Works included	TRS Construction Solutions were required to:- Remove an existing mezzanine floor Represent the property by redecorating internally as well as painting the floor. The toilet and wash hand basin was replaced and the electrics checked. Externally the cladding was washed down and areas were power washed.
Why TRS	TRS Construction Solutions Ltd. worked with a number of their supply chain partners but also delivered much of the works with their own labour. Works were delivered on time and on budget
